

# Final Cry

NEW ALBUM • coming 2022

## Still on the track!

FINAL CRY have been an integral part of the German metal and underground scene for over 30 years.

Stylistically, the band has always stood for energetic metal with fast, razor-sharp riffs rooted in thrash and furious drums, which combines musical styles from the classic thrash of the 80s to the dark Scandinavian styles of the 90s with a lot of melody and atmosphere. Especially over the last few years, increasingly aggressive, intense vocals have also been a style defining feature.

After another change on the mic position (Across The Burning Sky and ex-Subonsconscious frontman Kai join forces in early 2021), the new album is now the sixth longplayer. On it, the guys and the girl manage to reinvent themselves time and again without losing sight of their roots.

The new album, which was recorded and produced in the Soundlodge Studio under the wing of Jörg Uken, should delight both old and new fans of the band from Lower Saxony.
